Blue Waters
HOTEL***

TO WHO IT MAY CONCERN

FWJK Quantity Surveyors has undertaken two quantity surveying appointments for us in the last five years, the first being the upgrade and refurbishment of the Blue Waters Hotel and the second being the upgrade and extension to the neighbouring Bel-Aire Suites.

We found them to be highly competent, accurate with their budgets and added a lot of value to the overall projects through their extensive development experience.

We would highly recommend them for any quantity surveying appointment related to any hotel refurbishment or redevelopment.

Yours faithfully

Jeremy Jiran
